- CSS3

CAREER OBJECTIVE

Seeking a challenging role at a reputed IT organisation to utilize my engineering skills that can contribute to the company's growth as well as enhance my knowledge by exploring new technologies.

EDUCATION

KNOWLEDGE INSTITUTE OF TECHNOLOGY — 2022 - 2026
B.E-COMPUTER SCIENCE AND ENGINEERING
CGPA: 8.1(Up to 4th semester)

RELIANCE MATRIC.HR.SEC.SCHOOL — 2021 - 2022
HSC: 86.6 %

GOVT BOYS HR.SEC.SCHOOL — 2019 - 2020
SSLC: 87.6 %

INTERNSHIPS

DEV Technology Solutions — 2024
Java Full Stack Development

VEI Technologies — 2024
MERN Full Stack Development

Prodigy Infotech — 2024
Web Development

Prodigy Infotech — 2023
Mobile App Development

PROGRAMMING LANGUAGES & TOOLS KNOWN

C	React Native
Core Java	Firebase
Python	Figma
SQL	WordPress
HTML,CSS,Js	

GANESHA MOORTHY S

ACHIVEMENTS

- Won 1st Prize in Paper presentation at SSCET Symposium.
- UiPath Automation Explorer Certified.

AREA OF INTEREST

- Full-Stack Developer
- Native App Developer
- Cross-Platform Developer

EXTRA CURRICULAR ACTIVITIES

- Bottle Painting
- Portrait drawing
- Athletics

LANGUAGES

- English
- Tamil
- Kannada

PROJECTS

Student Management (CRUD)   2023
Built using Python and SQL

- Design and Implement Efficient Student Management Features: Develop and execute comprehensive strategies for managing student data using Python and SQL.
- Ensure Data Consistency Across Modules: Monitor and maintain consistency in student records and ensure uniformity across all CRUD operations.

E-Commerce Website   2023
Built using HTML ,CSS and JavaScript

- Strategized and Executed Campaigns: Developed and implemented comprehensive marketing strategies to increase traffic, engagement, and sales for an e-commerce platform.
- Brand Management: Ensured brand consistency across the website, promotional materials, and marketing channels.

Profile Management (CRUD)   2024
Built using React Native, Expo,Firebase and Clerk

- Develop and implement features for efficient profile management, ensuring they align with user needs and enhance overall app functionality.
- Ensure data consistency and integrity across all profile-related operations(CRUD), while maintaining robust security standards using Firebase.

Trust Website   2024
Built using WordPress and Elementor

- Develop and maintain strong relationships with Volunteers, and donors to support Student's Education.
- **Project Link : https://littlehands.in/**

Imagine AI (AI image Generator Mobile App)   2024 (Current)
Built using React Native , Expo , Firebase , Strapi and Replicate

- Developed and executed comprehensive strategies to promote an AI-powered image generation application built with React Native, Firebase, Strapi, and Replicate, ensuring alignment with project goals.
- This Stools are very useful for built this app with more attractive and compactible for cross platform also.
